Your Rapattoni MLS Web site offers many robust tools and features that will help you provide better service with less effort. To experience satisfactory performance, it is important that your computer meets or exceeds the following requirements.

Ideal Specifications for a New Computer Purchase

Pentium 4 2.4 GHz or higher

512 MB RAM or more

Windows XP operating system

Microsoft Internet Explorer 6*

Minimum Requirements for Existing Computers

Pentium III 1.6 GHz or higher

256 MB RAM or more

Windows XP or 2000 operating system

Microsoft Internet Explorer 6*

*The Internet Explorer 6 browser is available by free download from <http://www.microsoft.com>

NOTE: Using the Windows 98 operating system is not recommended and will result in slow performance.
